Urban Land & Water Program Manager

Urban Land & Water Sustainability Fund - Funds for sustaining active community gardens.

Applications are for any project needs your garden may have. They can be small- or large-scale and can include anything from raised bed construction or improvements, soil purchase, fence construction, securing a water source, seeds or plugs of new plants...anything you can think your garden may need. We will prioritize projects based on needs and originality. Unlike past years, many gardens will be selected to receive this funding. Some may be fully funded by the grant, others may be partially funded. Selected gardens will be required to host one small event to showcase how funding was used.

To be eligible for funding, your garden or urban agriculture venture must be a participating member of Green Spaces Alliance's Gardens Network. Please be sure to send your 2018 network gardens membership agreement to us prior to applying for funding.

Please submit your completed application to zanel@greensatx.org or by mail to our office address above. If you have questions about any of this information or you need help filling out the application, we are here to help. Please contact Zanel Pizarro at (210)222-8430 ext 310 for any questions.

General Information

1. Garden/organization name:
2. Date of formation or Incorporation (month and year):
3. Number of active members:
4. Mailing address (If you are awarded a grant, the check will be mailed to this address):
5. Garden/organization physical address (project site):
6. Name of property owner of project site:
7. Do you have a current land use agreement (MOU, ROE) with the owner of the property?

Contact Person

1. Name and title:
2. Primary phone number:
3. Email address:

Project Description

1. What is the reason for your project?
2. Describe your project. How will money from the Urban Land & Water Sustainability Fund improve your project?
3. What groups will be involved in completing the project? Who will do the work?
4. Make a rough timeline for your project. When will it start and end? Projects shorter than two months are encouraged.
5. How will you sustain the project long term? What will the project look like in a few years?

Project Budget

Provide a concise project budget for the funds you are requesting. Include a list of materials or items.

What Happens Next?

Green Spaces Alliance will **accept applications through August, 2019**. We will review applications as they come in. Funding will be available on a first come first served basis. A garden can potentially receive multiple grants in one year, so please submit all projects you may want completed. **Providing photos or designs to help describe your project is helpful.**

Questions?

If you have any questions regarding the Urban Land & Water Sustainability Fund—please email our Community Conservation Coordinator, Zanel Pizarro, at zanel@greensatx.org. For general inquires, contact Green Spaces Alliance by phone at (210) 222-8430 ext. 310.
